## SEMINAR AND RESEARCH WORKSHOPS ON WORLD HEALTH DAY

Continued from Page 01

message was displayed on the screen followed by the Poster Exhibition shown by Isra students and Karachi Institute of Health Sciences (KIMS). The judges gave their decision for 3 best posters awards made by KIMS and 3 best poster awards by 3<sup>rd</sup> year MBBS students of Isra University. The topics of best posters were Child Abuse, Malaria and pulmonary TB. Certificates and the cash

prizes were distributed in the participants. Those who participated in Posters competition were Hasnain, Alina and Aisha, Shagufta Naz and Afaq, Kumail, Natasha and Syeda Dua Fatima, Aqsa Gulshan, Yasir and Wardha. A total of 18 posters were displayed in exhibition. The workshop was on the theme of strengthening Research Culture among Medical Students in which the National facilitators and local facilitators were invited to conduct the various sessions. On the first day of workshop i.e. April 23, 2018 following sessions were held: Research and its purpose, How to formulate a Research Question, Study designs for Research, How to conduct literature search, SPSS, Manuscript writing and group

interactive sessions. Over 300 participants were registered in the workshop, 60 computers were used for SPSS Version 23. The students learnt from second day sessions about basic research, sampling procedures, study designs, sample size calculation and the test of significance like Chi-square test and Students t test. Facilitators gave overview of Mendeley and Endnote data

programs during formal and informal discussions. Prof Dr. Shafi Muhammad Jatoti, Associate Dean Clinical, Prof Feroz Memon and Prof. Salman Kazi visited workshop sessions and appreciated the efforts of Community Medicine Department. They said that this is the evidence based era and research is needed in every medical and health sciences fields. Dr. Kolachi told the western Universities have opened the doors for the communities in selecting research topics according to local health problems and we are also in touch with 20 000 people in Hatri Union Council of Matiari district to survey their major health problems. The workshop was supported by HEC and Isra University.

## SEMINAR AND WALK

A one day seminar to celebrate the World Health Day 2018 was held on 25th April at Asad Ullah Kazi Auditorium Chaired by Renowned Researcher Dr. Ramesh Kumar, a PhD in Public Health, and Assistant Professor in HSA, Islamabad. The theme of world Health Day was Universal Health Coverage (UHC) the speakers told full packed auditorium with over 600 participants that Universal Health Coverage is to provide needed health care services without financial hardship for every one and everywhere UHC means that all people and communities receive the health services they need without suffering financial ruin. UHC enables everyone to access the services that address the most important causes of disease and death and ensures that the quality of those services is good enough to improve the health of the people who receive them. WHO estimates that half of world is without essential health coverage and more than 100 million people become poor as result of paying for health from their pocket about 10% of household income for getting needed quality health care is being spent by 12% world population. Further, they told world has to extend UHC to one billion more health care needy people by 2023. The panel discussion was conducted by Dr Ambreen Sahito in which Prof. Dr. Feroz Memon, Prof. Dr Abdul Sattar Memon, Dr. Rafi Siddiqui, Dr. Iqbal Memon, Dr. Abdul Rahman Pirzado, Prof. Seema Mumtaz, Mrs. Robacca Wilson, Prof. Dr. Shafi Muhammad Jatoti, Prof. Fida Hussain

Shaikh Prof. Hussain Bux Kolachi, Prof. Salman Farsi Kazi, Dr. Sajjad Kazi and Dr. Manzoor Jamli, Dr. Arsalan Uqaili spoke on UHC and other various topics of clinical, surgical, and public health importance and suggested that technology has allowed to reduce treatment and diagnostic time from months and weeks to days and hour hence universal coverage through camps and small health Facilities centres clinics is possible and students, community, private sector and government sector can join hands under Public Private Partnership to provide essential and much needed health care coverage and services to everyone and everywhere whether curative, or preventive or palliative care. WHO Sindh Office Head Dr Sara Salman, Dr Badar Munir sent letter and Video Message of Acting Regional Director Dr. Jaouad Mahjour which was screened and heard by students and other participants with full interest. WHO Sindh Office Head Dr Sara Salman and Dr. Badr Munir suggested during visit before event to Isra University Hyderabad that Family Health Practice Model is way to increase UHC and it will be implemented in two district of Sindh Shaheed Banazirabad and Hyderabad.

Moreover, Isra University will be associated in this endeavor. Dr. Mohammad Assai Ardakani WHO Representative for Pakistan was also thankful and appreciated for implementing UHC in Pakistan and launching family Health Practice Project. WHO Team assured to provide publications to Isra Library Hyderabad.

**Continued from Page 04**

Deputy Director TB control Sindh offered free diagnostic and Treatment Service at Isra welfare Hospital on behalf of Government of Sindh. Prime Minister Health Insurance scheme be implemented in all District of Sindh, Medical students in comments termed WHO Day seminar very informative and they participated in health walk while girls students Miss Fatima Kolachi, Maham Shab and Ruqqiya also delivered power point presentation on Maternal Mortality and Hand Hygiene topics. The workshop and WHO Day Seminar was funded by Higher Education Commission of Pakistan and supported by Isra University and organized by Department of Community Medicine under supervision of Prof. Hussain Bux Kolachi and Guidance from Dean, Dr. Abdul Rahim Memon, Associate Deans Dr. Shafi Muhammad Jatoti and Dr. Abdul Sattar Memon and Vice Dean Dr. Salman Kazi. The Vice Chancellor was thanked for encouraging such health and research activities in Isra University. The impact of such events creates health awareness and will help making health delivery system in Pakistan more UHC oriented to achieve sustainable goal by 2030 specially Goal 3 which says Good Health for all ages and WHO aim towards Health for All.

Vision Problems related to Vitamin A deficiency in rural area is rising as Milk is less consumed than sold to urban markets, typhoid drug resistant cases are highest in Hyderabad city in Pakistan and world more study is underway at Isra TB is big problem and Pakistan is fifth High burden country for MDR Tuberculosis in world. 30% people suffer from one kind or other from mental disorders in Pakistan Hypertension cardiac and Diabetes is big problem increasing plastic use for food and water packaging is global problem and is menace for health, drainage, sanitation system and environment. A PhD student of Management sciences who attended Research workshop and world health day seminar expressed her views and said event was rewarding and rich of learning for undergraduate and post graduate and PhD scholars has improved their research conducting skills She thanked HEC and Isra Authorities for providing such academic, research and awareness opportunity combined at their doorsteps and convenient to attend for female students She thanked facilitators and Department of Community Medicine for holding high quality workshop and Seminar.

## WORKSHOP ON RESEARCH METHODOLOGY

The Department of Cardiology of Isra University Hospital Hyderabad conducted a workshop on Research methodology for Clinical Postgraduate students of Isra University at Isra Hospital library on 17 th April 2018. The workshop was part of series of workshops with the support of OBS Pakistan (Pvt.) Ltd. Dr. Faizan Shoukat was the facilitator whereas Prof Feroz Memon, Dr. Mohammad Kashif Shaikh, Dr. Shazia Kazi and Dr. Faraz Farooq Memon were the faculty members who joined the sessions along

with about 30 post graduate students and house officers. This workshop addressed the difficulties faced during Topic selection and Synopsis approval. The session was of its kind with interaction and discussion for ways to simplified research methodology. The facilitator also offered future support to minimize the difficulties faced by the students. In the end Prof Feroz Memon thanked all the attendees, organizers and the facilitator. Moreover, He also assured to conduct these workshops on regular basis.
